RESPONSE

Hon. Commissioner of Patents
and Trademarks
Washington, D.C. 20231

Sir:

Responsive to the Official Communication mailed May 7, 2002, kindly
consider and enter the following remarks.

The Examiner states that the reply filed by Applicant on September 4, 2001 in
response to the Office Action mailed October 24, 2000 was not fully responsive to
the rejections set forth in said Office Action. Specifically, the Examiner states that
Applicant did not address the statutory double patenting rejection issued under 35
U.S.C. § 101.

In the Office Action mailed October 24, 2000, the Examiner states that claims
21-22 of the instant application claim the same subject matter of claims 34-35 of
U.S. Application Serial No. 09/053,152. Applicant traverses this rejection.

Claims 34-35 of Serial No. 09/053,152 were cancelled in Applicant's
Amendment filed October 9, 2001. The features recited in claims 34-35 were

BOUCHARD, et al. - Appln. No. 08/786,937

incorporated into new claims 49-50, which are directed to a method of treating infertility disorders. Instant claims 21-22 recite a method of controlled ovarian stimulation. Thus, the statutory double patenting rejection has been rendered moot, as claims 49-50 of Serial No. 09/053,152 are not directed to the same subject matter as instant claims 21-22.

All objections and rejections having been addressed, it is submitted that the application is in condition for allowance, and Notice to that effect is respectfully requested. Should questions relating to patentability remain, the Examiner is invited to telephone the undersigned to discuss the same.

Respectfully submitted,

PILLSBURY WINTHROP LLP
